Prior to the commencement of the meeting Council were asked to pass on thanks from a parishioner regarding a recent letter published in the Parish Newsletter.

Parishioner raised concerns over the Council plans to consider spending £1440 on the services of both a Planning Consultant and a Highways Consultant to fight any unsuitable development at land in Church Lane. As it was not felt this was relevant to the majority of residents. Also questioned the request for a donation of £79.00 towards a recently held party which it was felt was not a good use of public monies. General discussion by members of the public regarding the proposed development at PY1 and its implications on the village as a whole. Once again concerns were raised about the proposed number of houses being much higher than the suggested 5/7 and the lack of infrastructure to deal with a development of this size. Further discussion on this matter will be raised at Item 5.15. Planning.

5.15 Planning – Land at Church Lane, Pyecombe Following the discussion with members of the public prior to the commencement of the meeting Council advised they are aware of a preplanning application for this site looking at the possibility of 8 houses. The advice from MSDC has been to reduce the number down to 5 houses in line with the requirements of the District Plan. Council raised concerns over the cost implications should any planning application need to continue to appeal. Council resolved to write to both the Consultants accepting quoted rates and asking them to act, if required, in the light of any unsuitable development at this site. Clerk will raise letters.
